Freeman Public Schools Mission & Vision Statements

Mission: The mission of the Freeman School District is to prepare all students for success in an ever-changing global society.

Vision: The Freeman School District will provide a safe, positive, and active learning environment to ensure students strive for excellence while obtaining the knowledge and skills necessary to become lifelong learners. Achieving this vision must be done through developing a partnership among students, staff, families, businesses, and citizens.

School Board Philosophies, Goals and Objectives

- I. We believe that the School Board is responsible to the public and therefore should attempt to reflect the opinion of the community; however, school board members must look to the future more clearly than is required of the average citizen. The results of many of the decisions and actions of the Board will not be realized at once, but will set the course of education for future years. The Freeman School Board should fearlessly support those educational philosophies and procedures needed to promote an adequate education for this community based upon the needs of the pupil population.
- II. The Board should reflect the policies of behavior and lifestyle as required by employees and community.
- III. The following goals and objectives stated as a philosophy of education have been adopted by the Freeman School Board as a guideline for the operation of the Freeman Schools. We encourage every effort to attain these goals and objectives.

A. Children Are Important

1. Our schools exist for all the children of all the people.
2. We need to know each child as an individual—we need to know the strengths, weaknesses, interests, aspirations and needs of the children.
3. We need to make provisions for all children to participate as individuals and as members of groups in order to:
 - a. have a sense of belonging.
 - b. solve problems, plan, decide, act, and evaluate.
 - c. grow in creative powers.
 - d. appreciate other people.
 - e. accept responsibility.

B. To Develop Capable Citizens

All pupils need to learn to be active, functioning citizens of a changing society by:

1. acquiring competence in the basic tools of learning arithmetic, reading, listening, spelling and writing.
2. growing in their knowledge and understanding of geography, history, science and government; in their selection and training for a suitable vocation.
3. living democratically in the schools to acquire a love of and appreciation for the American way of life.
4. enjoying the privileges and accepting the responsibilities of citizenship.

C. In Setting the Stage for Learning

We believe that learning takes place best when:

1. The experiences planned are in keeping with the developmental growth of pupils.

2. Activities are vital and meaningful to those participating.
3. The experiences are cooperatively planned and carried out by teachers and pupils.
4. A safe and stimulating environment is provided.
5. There are a great variety of learning experiences.
6. Pupils set for themselves high quality standards in work habits and workmanship.
7. Pupils are aware of their own goals and of their progress toward these goals.

IV. We believe that education is a life-long process of growth which, in addition to the accumulation of information, results in changes in behavior—thinking, feeling, proposing and doing; and schools have a responsibility, if possible, to help adults by offering instruction in vocations, vocational interest, home and family life problems and citizenship responsibilities.

Welcome to Freeman High School

As a member of FHS you are expected to follow the rules that are established for the benefit of the entire student body. This is your school, you should be proud of it, take good care of it, and be willing to make suggestions to improve it.

The ultimate purpose of education is to help each student become an effective citizen in a democracy. To develop and accept the responsibilities and obligations of good citizenship will help us to participate successfully in the world of tomorrow. We hope that you will participate in our varied activities and thus find those things within our school which will prepare you to live a better life and finally take your place in this complex society. Remember that your success in this school will be directly proportional to your efforts.

ACADEMIC AND ACTIVITY AWARDS PROGRAM

Freeman Public High School believes that outstanding achievement and participation in all fields of school work, academic and activities are deserving of suitable awards. For this reason, there shall be an Academic and Activity Awards Program in the spring to recognize our students.

ACCEPTABLE USE POLICY

Freeman School District 33-1 Network and Technology Hardware

The Freeman School District's network and technology hardware includes but is not limited to all computer hardware including peripherals (printers, scanners, projectors, etc.), operating system software, applications, and all data files. This includes e-mail, databases (local or externally accessed), CD/DVD-ROMs, optical media, clip art, digital images, digitized information, communication technologies, and new technologies as they become available. User accounts are considered property of the district. The district expressly reserves the right at any time to review the subject, content, and appropriateness of electronic communication or any other computer files and remove them if warranted.

Individuals using the Freeman School District's network should have no expectation of privacy or confidentiality in the content of electronic communication or other computer files sent and received on the network.

Use of the district's network and technology hardware is a privilege, not a right. The following guidelines are provided to make all students, staff, and guest users aware of the responsibilities associated with acceptable, ethical, and lawful educational use of all resources. Any violation of international, US, or state law or any guidelines in this policy may result in limitation or termination of privileges, disciplinary action, or legal action.

Guidelines for Use of Network and Technology Hardware for Students, Staff, and Guest Users:

1. Users should not attempt to access other users' information. All users are responsible for all use of the network under their accounts, regardless of whether access is gained with or without the user's knowledge and/or consent. Therefore, it is important to keep all passwords private and workstations secure. If a user suspects unauthorized use of an account, he/she should report it immediately to the technology coordinator.
2. Users should not intentionally damage equipment, software, or any network data. This includes, but is not limited to hacking and uploading or the creation of computer viruses. The user causing damage or his/her parents/guardians will be responsible for the damages and any applicable costs of correcting the problem.
3. Users should not install any software or equipment, or make any modifications to the network without approval from the technology coordinator. All technology hardware and software purchases must be approved by the technology coordinator prior to purchasing in order to ensure compatibility.
4. Users should not play any type of games on school computers before, during, or after school. This is not an acceptable use of school hardware or the limited available bandwidth. The only exception will be for games approved by staff for educational enrichment or remediation. Students should not be playing games during free time in class or in study hall.
5. Users should not send, access, or retain any abusive, defamatory, obscene, profane, sexually explicit, pornographic, threatening, or illegal material.
6. Users should not transmit copyrighted material without the expressed consent or authorization of the owner of the copyrights. No person, student or employee, may place any material onto the District website, accessible to the public, without review of the material by the supervisor or designee of the superintendent. **Remember, mere acknowledgement of the source of copyrighted material is not a license or authorization to the material.**
7. Users may not utilize proxy sites or other means to circumvent the firewall and content filter provided by the state.
8. Users will refrain from engaging in any form of cyber bullying.
9. Users will refrain from sharing detailed personal information in electronic communication or online.
10. Users will not use the network or district technology hardware to advertise, solicit, or raise funds for any charitable or non-charitable organizations. Solicitations for school-sponsored activities can be approved on a case-by-case basis by the superintendent or designee.

Limitations: The Freeman School District 33-1 makes no guarantees of any kind, whether expressed or implied, that the network will be uninterrupted or error free. The district will not be responsible for any damages, including loss of data, resulting from delays, non-deliveries, mis-deliveries, or service interruptions of any kind, regardless of fault. Use of any information obtained from the Internet is at your own risk. The Freeman School District 33-1 specifically denies any responsibilities for the accuracy or quality of information obtained through its services. Although the district operates a content filter that blocks inappropriate materials, it shall not be liable for any content or viewing of any materials not prepared by the district.

Security: Security of all technology hardware and the network is a high priority for the district. Any user observing a security problem shall notify the technology coordinator immediately. Do not demonstrate the problem to other users. Do not use another user's account without written permission from that individual. Attempts to login as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the network and/or Internet.

Ethical Use of Technology Resources: Ethical behavior requires that users show consideration and respect whenever using computers or electronic communication/technology/devices/resources. When interacting with one another, users shall abide by the following guidelines.

1. Do not include in electronic communication between staff, students and/or parents/guardians, comments or content that would not be acceptable in a face-to-face communication.
2. Do not disclose, use, or disseminate unauthorized personal information of another person.
3. Evaluate all information for its accuracy, reliability, and authority.
4. Use of copyrighted material without appropriate license or permission is subject to discipline. Attribution of the source of quoted material is NOT permission.

Parent/Teacher Involvement: It is important that district staff and parents be involved in making students aware of the risks involved with the Internet and to understand the appropriate way to handle different situations they may encounter. A publication from the Federal Trade Commission (FTC) *entitled Net Cetera: Chatting With Kids About Being Online* is available to help advise parents and district staff about how to discuss these issues with students. The PDF of this publication can be downloaded from the following link: <http://onguardonline.gov/articles/pdf-0001.pdf>. A hard copy of this publication can be obtained from the technology coordinator.

ACCIDENTS

All accidents occurring during the school day are to be reported to the principal's office immediately.

If there should be an accident during the school day or at a school activity, every effort will be made to see that the student receives proper medical care. Parents will be notified.

ACCIDENT-DENTAL-HEALTH INSURANCE

- A. The School District DOES NOT PROVIDE accident or health insurance for any students. Students may purchase insurance from Student Assurance Services, Inc. who administers a policy underwritten by

Security Life Insurance Company of America. Information will be given to each child on the first day of school. Reference to this particular policy is a service and not an endorsement of either the policy or the company.

- B. The School District DOES NOT PROVIDE dental coverage for any students. Delta Dental of South Dakota insurance forms will be distributed to students on the first day of school for purchase at the option of the parent/guardian. These forms should be brought home to the parents for their decision. The dental plan is strictly optional and is not provided by the school. The forms are simply distributed by the school. Students and parents should make certain they understand what is and is not covered before subscribing for the insurance. Please read the Dental Accident Benefit Agreement which explains the effective date, eligibility, covered amount, payable benefits, limitations and exclusions, and general provisions. Reference to this particular policy is a service and not an endorsement of either the policy or the company.
- C. The SCHOOL DISTRICT DOES PROVIDE catastrophic trauma insurance for all student-athletes who are participating in interscholastic athletic activities only.

ACTIVITY SCHEDULING

No formal school events will be scheduled by students or teachers on Wednesday nights. The local school is not responsible for conference, region, or state events sometimes scheduled on Wednesdays. ONLY upon the superintendent's permission may activities be scheduled on Sunday.

ACTIVITY TICKETS

All K-12 students who attend the Freeman Public Schools will receive a free athletic activity pass for the school term. When attending a home athletic event, all students must show their activity pass at the ticket both. STUDENTS WILL NOT BE ALLOWED TO ENTER THE EVENT WITHOUT THEIR ATHLETIC ACTIVITY PASS OR UNLESS THEY PAY ADMISSION. Adult activity passes will be \$55.00 for the school term. All tickets will be purchased through the Business Office at the High School.

AFFECTIONATE RELATIONSHIPS

All relationships in and around school are expected to be kept at the highest social level. Handholding, embracing, kissing or other displays of affection in the halls or on school grounds are NOT in good taste and will not be allowed in school, on school property, or at school sponsored events. The administration is not trying to make this an issue; rather, it is a request for students to use sound judgments.

ATHLETIC PHYSICALS

Any student who plans to participate in an athletic activity (including cheerleading), sponsored by the Freeman Public School District must have a physical prior to participation. Athletic physicals are arranged with the Freeman Medical Clinic during the summer. If a student chooses to obtain a physical elsewhere, stop at the high school and pick up a physical form. Cost of the physical is the responsibility of the student's family.

ATTENDANCE

The state of South Dakota requires that all children attend school regularly until 18 years of age. It also requires that each local school board annually adopt a school calendar of a minimum of 962.5 hours.

The Freeman Board of Education believes that the entire process of education requires a regular continuity of instruction, classroom participation, learning experiences, and individual study to obtain a satisfactory level of student achievement. Therefore, in accordance with state law, the Freeman Board of Education requires daily attendance of all students and recognizes that irregularity in attendance may have serious effects on a student's progress. All absences, tardies, and trancies become part of a student's permanent record. Absences and tardies are recorded by class period in teachers' grade books and in the official attendance book. Unless they are participating in a pre-approved school activity, students are considered absent when they are not in attendance. It will be assumed that the student and parents have given careful consideration to

the conditions causing an absence, and have concluded that the reasons for the absence outweigh the value of school attendance.

A. Excused Absence:

South Dakota Law

State law provides the reasons that a student can be excused from school attendance. It states further that all applications for an excused absence will be submitted in writing prior to the absence, except in the case of a medical emergency. In that case, the application will be delivered the next school day. The statutory reasons for excuse from school are as follows:

- The student is home schooled as provided in SDCL 13-27-3. (Applications for home schooling may be picked up from the superintendent's office.)
- The student is ill or there is serious illness in the immediate family, making a student's presence at home an actual necessity, or his presence at school a menace to the health of other pupils. The school board may require the submission of medical evidence as a condition of granting an excuse pursuant to this section.
- Attendance by the student at a state or national youth program of educational value. These absences are limited to not more than 5 days per school year and will not count against a student's perfect attendance record.

Freeman School Policy

- Requests for students to be excused from school for more than 4 days due to illness require medical evidence to be provided to the district. Any student absent due to illness more than 10 days in any school year will be referred to the district's 504 coordinator.
- Although excused, absences relating to illness will be deemed absences in the determination of perfect attendance.
- In cases related to illness as outlined in the state law (described above), the parent/guardian must phone the school and inform them that the student will not be present. **All calls should be made from 8:00 a.m. to 9:00 a.m. The number is 605-925-4214.**
- If a parent does not call the school or send a written note prior to his/her child's absence from school, the absence will be unexcused.

B. Unexcused Absences: An unexcused absence indicates that a student is absent from school, with or without the consent of the parent, but for a reason that is not acceptable to the school. Parents must verify all student absences within 24 hours of the absence. Absences not verified will be considered unexcused. Unexcused absences result in detentions. A student will receive one detention for each period missed up to 4. For each full day missed, the student will receive 3 days of detention. Student truancy will be reported to the County State's Attorney. Detentions will be scheduled for after school from 3:36 to 4:23. Students who refuse to cooperate or who do not abide by the detention rules will be dismissed from detention, receive no credit for time served on that day, and serve the detention on the next scheduled detention day, as well as an additional day. Repeated instances of failure to comply with detention rules will be treated as truancy. Detentions that conflict with after school activities will be handled on a case-by-case basis.

C. Make-up Work: Students will be held responsible for work they have missed during an absence; the office will not issue make-up slips. Each teacher will establish procedures regarding the completion of make-up work in their classes. The policy established by the teacher shall be included as part of the teacher's course syllabus. Copies of the syllabus shall be reviewed by and on file in the principal's office. The policy established by the teacher will include action taken for failure to complete make-up work.

D. Other: Students who violate the attendance policies at Freeman Jr./Sr. High School may have academic credits withheld and receive NO CREDIT (NC) or a FAILING (F) grade recorded on their official school transcripts. This is a general policy on attendance. It is impossible to cover all problems and questions that may occur. The school administration is empowered to use its discretion in the enforcement and application of this policy.

E. Tardiness: Being late is an undesirable and habit-forming trait. If a student is late for school or class, the student must obtain a signed pass from the office to be admitted into class.

1. Being delayed by a teacher or the office will be an excused tardy as long as the student is sent to class with a signed pass from the teacher/office.
2. Tardiness due to slowness, oversleeping, unscheduled out-of-school activities, etc. are not excusable, regardless of whether a note is brought from home.
3. An unexcused tardy will result in detention or some other appropriate, equivalent consequence. Should a trend of tardiness be detected, the principal will assign a stringent consequence, which may include but not be limited to more detention time, in-school suspension, or out-of-school suspension.

This policy may be modified by specific reference in a student's IEP or 504 Plan if required in order for the student to receive an appropriate education.

BEVERAGE MACHINES

1. No beverage may be brought into the school building. All beverages must be purchased from the lunchroom or study hall room. The sale of beverages in our machines funds various student activities throughout the school year. We ask that you support our efforts by NOT bringing in beverages from outside the school. Your cooperation in this matter is greatly appreciated.
2. Beverage machines for student use are located in the study hall/library.
3. The study hall must be monitored by a Jr./Sr. High School Staff member in order for beverages to be purchased.
4. Students will be allowed to buy and drink beverages during their study hall. Study hall teachers will handle specific procedures as they see fit.
5. Students who ride the buses home after school will need to check with their driver for permission to carry on and drink beverages. The driver will have final say on drinking beverages on a particular bus.
6. There are to be **ABSOLUTELY NO BEVERAGES** outside of the study halls. (Students who have their study hall assignment in the learning center may take a beverage there, with permission from the learning center teacher.) Also, in the morning, beverages (water excluded) are prohibited in the chorus/band rooms.
7. Beverage cans and bottles must be disposed of using proper means. **Any spills that occur will be cleaned up by the person drinking the beverage.**
8. Students will not be allowed to drink beverages (water excluded) during a scheduled class period.
9. Study hall attendance will be completed **before students purchase beverages from the machines.**
10. Students will be allowed bottled water in class, provided the water is in a school approved container.
11. **Students who violate these rules concerning beverages in the school will receive in-school suspension.**

BULLYING POLICY

Freeman Public School District 33-1 provides this bullying policy as an element of its ongoing effort to maintain a school climate that is conducive to learning and which fosters an environment in which all people are treated with dignity and respect.

Freeman Public Schools defines bullying as: action by a person or group involving an intention to hurt, a hurtful action, a power imbalance, (typically but not always) repetition, an unjust use of power, and a justifiable sense of being oppressed on the part of the victim.

Victims of bullying are sometimes targeted because they are perceived as being inadequate or different by the perpetrator in attributes which may include but are not limited to: race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity, culture, social origin or condition, political affiliation, mental, physical, or sensory disability, physical ability, physical development, and other attributes.

School activities and school provided transportation to and from activities and school are considered an extension of the school day and fall within the authority of the administration of the building where the victim

and perpetrator attend school. In addition, bullying activities outside of school grounds and hours, producing an effect in the school environment, may be reviewed as extensions of school activities and on school premises.

Employees of Freeman Public Schools are required to report incidents of or suspicion of bullying to their direct supervisor. Students and parents are encouraged to report bullying to the principal or counselor in the building where the incidents took place. Copies of the Bullying Incident Reporting Form may be obtained from the counselor or principal in the building where the victim attends school. Victims who report acts of bullying or suspected acts of bullying can be assured that Freeman Public Schools will respond firmly to acts of retribution by the perpetrator or accused perpetrator. Such acts of retribution would result in further sanctions against the perpetrator or accused perpetrator which may include detention, suspension, expulsion, and reports to law enforcement.

Consequences for students who bully others shall depend on the results of investigations and may include counseling, a parent conference, detention, suspension, up to and including expulsion. Depending on the severity of the incident, the administration may also take appropriate steps to ensure student safety. These may include implementing a safety plan, separating and supervising the students involved, providing staff support for students as necessary, reporting incidents to law enforcement if appropriate, and developing a supervision plan with parents.

Accusations of bullying are serious and taken seriously by school personnel. Knowingly, falsely accusing someone of being a bully is unacceptable and will result in action taken against the person making the false accusations. This action may include detention, suspension, up to and including expulsion. Freeman Public School District policy regarding notice and due process will be followed.

BUSING & STUDENT TRAVEL

School Transportation

1. Students riding on school buses to and from school or activities are under the supervision of the bus driver. Students will respect the driver's authority and cooperate with the driver as to safety matters and to help keep the bus clean and orderly.
2. Students should at all times be ready to board the buses at the scheduled times, so as not to cause delays.
3. Baggage of all types, to be transported by a school-sponsored vehicle, is under the authority of school officials and is subject to random, unannounced inspections by representatives of the school.

Student Transportation/Travel Waiver

In the interest of school safety, program cohesiveness, and school liability, it is recommended that each student who rides the team or activity bus to an out of town event should ride home on the bus also. In extenuating circumstances, related to scheduling conflicts, the parents/guardian may complete a transportation waiver and submit it to the activity advisor for prior consideration. In such cases, the activity advisor may grant permission for the parents/guardian to transport the student, provided they have notified the school administration, program director, or coach with a written note *and* verbal confirmation. In no instance, however, will students either provide their own transportation or travel with anyone other than their own parents/guardian to or from a school-sanctioned event.

If you wish to have your student travel with you either to or from a school-sanctioned event, please submit the completed transportation waiver either to the advisor of your student's activity or (in their absence) to the Principal/Activities Director for prior consideration.

I UNDERSTAND THAT VIOLATIONS OF THIS POLICY WILL RESULT IN THE LOSS OF THE PRIVILEGE OF PARTICIPATING IN FUTURE EVENTS AND FURTHER DISCIPLINARY ACTION AS DEEMED APPROPRIATE BY THE ATHLETIC/ACTIVITIES DIRECTOR OR OTHER SCHOOL ADMINISTRATION.

CELLULAR PHONE/ELECTRONIC-MESSAGING DEVICE POLICY

Students may possess cell phones/electronic-messaging devices on school property only if the cell phone/electronic messaging device is turned off and in a locker or vehicle. Students may request that a school combination lock be put on their locker. As with all items kept in a student's locker, if a student does not request a lock and a cell phone/electronic-messaging device is stolen, Freeman Public Schools will assist as it can in locating the cell phone/electronic messaging device. The school, however, will not be responsible for recovering or replacing lost or stolen cell phones or messaging devices. Students may use cell phones/electronic-messaging devices in administrative offices with prior permission from an administrator or office staff member.

Part of the Vision of the Freeman Public Schools asserts that the school will provide a safe learning environment. Because cell phone/electronic-messaging devices provide a potential for students to compromise this safe learning environment, the administration of Freeman Public Schools may check the contents of a cell phone/messaging device, if it is confiscated because of a violation of the cell phone/messaging device policy, to determine whether there has been cheating, plots against the school, defamation of character, threats, pornography, harassment, hazing, intimidation, violations of rights of others, or violations of school policy. When a student violates this policy, it is the position of Freeman Public Schools that the safety of other students and staff may be violated as well.

If a student removes the battery from a cell phone/electronic-messaging device while it is being confiscated by school personnel, parents/guardians will be notified. Parents/guardians will also be notified of concerns school personnel have regarding the use of the cell phone/electronic messaging device for cheating, plots against the school, defamation of character, threats, pornography, harassment, hazing, intimidation, violation of rights of others, or violation of school policy.

Because of the sophistication of cell phones/electronic-messaging devices and their ability to take pictures and record video, Freeman Public Schools will not allow their use in school locker rooms. If a student is in a locker room at an extra-curricular event, either at Freeman or elsewhere, the cell phone/electronic-messaging device must be turned off and used only with permission of the activity's sponsor or school administrator in attendance. As it pertains to the above situation, students will be warned and directed to turn off their cell phones/electronic-messaging devices. If a student refuses to turn off a cell phone/electronic-messaging device or is involved in subsequent violations, the phone/device will be confiscated and returned to the student's parent or guardian. The device may be turned over to law enforcement when it is reasonably believed to contain evidence of criminal activity.

Policy Violation Consequences:

First Offense: Cell phone/electronic-messaging device will be confiscated, the parents/guardians will be notified, and the cell phone/electronic-messaging device will be returned to the parents/guardians.

Second Offense: In School Suspension (ISS) – 1 to 3 days, the cell phone/electronic-messaging device will be confiscated, parents/guardians will be notified, and the cell phone/electronic-messaging device will be returned to the parents/guardians.

Third Offense: Out of School Suspension (OSS) – 1 to 5 days, the cell phone/electronic-messaging device will be confiscated, parents/guardians will be notified, and the cell phone/electronic-messaging device will be returned to the parents/guardians.

Fourth Offense: OSS and meeting with parents and Freeman School Board to determine corrective action, including the possibility of expulsion. Reinstatement after expulsion is action taken only by the School Board after its representatives are satisfied that the student intends to correct the behavior which led to expulsion. Student due process, covered under A.R.S.D Article 24:07, will be followed.

This policy includes the use of any electronic-messaging devices students may possess on school property. No student shall be prohibited from possessing or using such a device that is determined by a licensed physician to be essential for the health of the student and which use is limited to purposes related to the health of the student. Similarly, use of such a device as directed under a student's IEP or 504 Plan does not constitute a violation of this policy. The device may be turned over to law enforcement when it is reasonably believed to contain evidence of criminal activity.

Usage Agreement Form

We the undersigned parent/guardian and student understand that possessing a cell phone or other personal digital assistant or electronic-messaging device on Freeman Public School property is a privilege and not a right. In exchange for the undersigned student being allowed to have a cell phone at school, we agree to abide by the terms of the "Cellular Phone/Electronic-messaging Device Policy" attached hereto. We understand that if the student does not follow these rules, the cell phone or other device will be confiscated, its contents examined, and returned only to the parent or guardian. The device may be turned over to law enforcement when it is reasonably believed to contain evidence of criminal activity.

CHEATING

Students are encouraged to do their own work. Students who need assistance with school work should consult their teachers. Students who are caught cheating will automatically receive a zero percent (0%) on that particular academic obligation and will be suspended from class until the student and his/her parents/guardians meet with the teacher, school counselor, and principal. A second incidence of cheating in any academic area will result in the student receiving a zero percent (0%) on that particular academic obligation, suspension from the class, and administrative recommendation for expulsion from that class for the remainder of the semester.

CO-CURRICULAR ACTIVITIES CODE OF CONDUCT FOR FREEMAN HIGH SCHOOL

A co-curricular activity is defined as a program or out-of-class activity, supervised and/or financed by the school. Co-curricular activities are voluntary, are not part of the regular school curriculum, are not graded, and do not earn credits.

Part I Introduction

This guide is comprised of the majority of policies and procedures that will affect the co-curricular activities program in the Freeman School District #33-1. It is not inclusive and it would be a unique situation if some changes were not necessary in the future.

The primary purposes of this guide:

1. To add a degree of uniformity toward the successful fulfillment of the activity program.
2. To develop an appreciation on the part of each member of the departments for the position and responsibilities of others who are associated with the departments.
3. To provide a quality activity program for students.
4. To establish uniform procedures so that coaches and advisors will use the same procedure in dealing with the public, faculty, students, and participants.

Part II Philosophy

The co-curricular activities program in Freeman School District #33-1 provides opportunities and experiences that make a contribution to the general growth and development of each individual student and assists to create a healthy climate in the school system and its supporting community.

Participation in sound activity programs contributes to health and happiness, physical skill, emotional maturity, social competence, and moral values.

The inter-school competition affords the superior students the opportunity to work toward a high level of achievement and compete with their peers from other schools. Emphasis is placed on teaching special skills and developing desirable habits and attitudes.

School activities are a potential, educative force of great power whose effectiveness can be greatly enhanced through proper leadership.

Part III Goal

The goal of the activities program is to involve as many students as possible in one or more co-curricular activities based on the available materials, equipment, facilities and monies available.

Part V Training Rules

I. Philosophy and Purpose

- A. Philosophy of the Freeman School District #33-1 relating to the use of mood-altering chemicals, i.e., alcohol, tobacco, drugs, and marijuana:

1. Freeman School District recognizes the use of mood-altering chemicals as a significant health problem for many adolescents, resulting in negative effects on behavior, learning and the total development of each individual. The use of mood-altering chemicals for some adolescents affects extra-curricular participation and development of related skills. Others are affected by the misuse and abuse by family, team members, or other significant persons in their lives.
2. The close contact in Freeman School District activities of advisors and coaches provides them with a unique opportunity to observe, confront, and assist young people. Freeman School District supports education and awareness training in adolescent chemical use problems including the symptomology of chemical dependency and special issues affecting Freeman School District activities for administrators, athletic directors, coaches, advisors, participants and their families.

B. Statement of Purpose

1. To provide consistency with the Freeman School District #33-1 co-curricular activities program philosophy "that provides opportunities and experience that make a contribution to the general growth and development of each individual student and assists to create a healthy climate in the school system and its supporting community."
2. To emphasize the school's concerns for the health of students in areas of safety while participating in activities and the long-term physical and emotional effects of chemical use on their health.
3. To promote equity and a sense of order and discipline among students.
4. To conform to and support existing state laws which restrict the use of such mood-altering chemicals.
5. To establish standards of conduct for those students who are leaders and standard-bearers among their peers.
6. To assist students who desire to resist peer pressure which directs them toward the use of mood-altering chemicals.

II. The Training Rule

- A. During the school year and the season of practice, play or rehearsal, regardless of the quantity, a student shall not possess, use, transfer, conceal, sell, attempt to sell, deliver nor be under the influence of narcotics, tobacco products, drugs, or alcohol, materials/substance represented to be a drug or controlled substance, or chemical substances which affect psychological functions or affect the educational system of the school. Students shall not engage in drug use/abuse nor possess paraphernalia specific to the use of chemicals. Established school policy and state law are violated, regardless of parental attitudes, if the student disregards these guidelines.

Students who use prescription drugs authorized by a licensed physician do not violate this policy if the students conform to the prescription and appropriate school policies. This policy is in effect outside of school and on property owned, leased or maintained by the school district, at all school sanctioned activities on and off campus, on vehicles used to transport students to and from school or at other activities and in vehicles parked on school property. Any student who violates this policy will be dealt with by the proper law enforcement authorities and/or the school board and/or the school administration.

- B. The policies set forth are for all co-curricular activities during the school year.
1. The school year for activities starts the first day of football, cross country, and volleyball practice in the fall until and including the last day of the State track meet or graduation, whichever is later, in the spring.
 2. The training rules will apply at all times, not just at school activities.
 3. Violations occurring while on or at a school or state-sponsored activity will also include a three to five day school suspension. Exception: The consumption of an alcoholic beverage at a family ceremony, such as an anniversary or wedding ceremony is permissible with parental consent. (This does not

include dances.) The administration should be contacted in advance of the ceremony to clarify the policies.

4. A student of legal drinking age must still conform to the policies set forth.
5. If a student is charged with an alcohol or drug related offense, the student will be suspended from activities until the case is adjudicated or the ten school days/two events, or twenty-five school days/five events suspension has been met. Exception: If the student admits guilt to offense, his/her suspension would start immediately—no matter when they go to court.
6. Violations will be accumulative for the present school year.
7. Guilt by association is not a violation, but if incidents are frequent, a conference with the student and parent/guardian will be held.
8. If a student is not involved in any co-curricular activities at the time of a violation, his/her ineligibility will start at the time of admission of the individual's violation or when beginning their next activity.

III. Penalties and Recommendations

- A. First Violation: After confirmation by the administration of a first violation, the student may be suspended (1-10 school days) and the student shall lose eligibility for the next ten school days or next two consecutive events in each activity, whichever is less. It is up to the discretion of the coach, advisor, or director whether the individual would continue to practice during the suspension.
- B. Second Violation: After confirmation by the administration of a second violation, the student may be suspended (1-10 school days) and the student shall lose eligibility for the next twenty-five school days or the next five consecutive events in each activity, whichever is less. It is up to the discretion of the coach, advisor, or director whether the individual would continue to practice during the suspension.
- C. Third Violation: After confirmation by the administration of a third violation, the student may be recommended for expulsion and shall lose eligibility for all activities the remainder of the school year.

D. **SOUTH DAKOTA CODIFIED LAW 13-32-9. {As amended effective July 1, 2014}13-32-9.** Any person adjudicated, convicted, the subject of an informal adjustment or court-approved diversion program, or the subject of a suspended imposition of sentence or suspended adjudication of delinquency for possession, use, or distribution of controlled drugs or substances or marijuana as defined in chapter 22-42, or for ingesting, inhaling, or otherwise taking into the body any substances as prohibited by § 22-42-15, is ineligible to participate in any extracurricular activity at any secondary school accredited by the Department of Education for one calendar year from the date of adjudication, conviction, diversion, or suspended imposition of sentence. The one-year suspension may be reduced to thirty calendar days if the person participates in an assessment with a certified or licensed addiction counselor. If the assessment indicates the need for a higher level of care, the student is required to complete the prescribed program before becoming eligible to participate in extracurricular activities. Upon a second adjudication, conviction, diversion, or suspended imposition of a sentence for possession, use, or distribution of controlled drugs, substances, or marijuana as defined in chapter 22-42, or for ingesting, inhaling, or otherwise taking into the body any substance as prohibited by § 22-42-15, by a court of competent jurisdiction, that person is ineligible to participate in any extracurricular activity at any secondary school accredited by the Department of Education for one year from the date of adjudication, conviction, diversion, or suspended imposition of sentence. The one year suspension may be reduced to sixty calendar days if the person completes an accredited intensive prevention or treatment program. Upon a third or subsequent adjudication, conviction, diversion, or suspended imposition of sentence for possession, use, or distribution of controlled drugs or substances or marijuana as defined in chapter 22-42, or for ingesting, inhaling, or otherwise taking into the body any substances as prohibited by § 22-42-15, by a court of competent jurisdiction, that person is ineligible to participate in any extracurricular activity at any secondary school accredited by the Department of Education. Upon such a determination in any juvenile court preceding the Unified Judicial System shall give notice of that determination to the South Dakota High School Activities Association and the chief administrator of the school in which the person is participating in any extracurricular activity. The Unified Judicial System shall give notice to the chief administrators of secondary schools accredited by the Department of Education for any such determination in a court proceeding for any person

eighteen to twenty-one years of age without regard to current status in school or involvement in extracurricular activities. The notice shall include name, date of birth, city of residence, and offense. The chief administrator shall give notice to the South Dakota High School Activities Association if any such person is participating in extracurricular activities.

Upon placement of the person in an informal adjustment or court-approved diversion program, the state's attorney who placed the person in that program shall give notice of that placement to the South Dakota High School Activities Association and chief administrator of the school in which the person is participating in any extracurricular activity.

As used in this section, the term, extracurricular activity, means any activity sanctioned by the South Dakota High School Activities Association. Students are ineligible to participate in activity events, competitions, and performances, but a local school district may allow a student to participate in practices.

No local school board may impose a lesser consequence than those established in § 13-32-9, but a local school district may adopt a policy, by local school board action, with more strict consequences to meet the needs of the district.

If a suspension is reduced pursuant to § 13-32-9, a suspension for a first offense shall make the student ineligible for a minimum of two South Dakota High School Activities Association sanctioned events upon completion of the reduced suspension period. If a suspension is reduced pursuant to § 13-32-9, a suspension for a second offense shall make the student ineligible for a minimum of six South Dakota High School Activities Association sanctioned events upon completion of the reduced suspension period. To count toward the minimum number of events the student must participate in the entire activity season and may not drop out or quit the activity to avoid suspension and the failure of a student to complete the entire activity season shall result in the student being ineligible for one year from the date of adjudication, conviction, the subject of an informal adjustment or court approved diversion program, or the subject of a suspended imposition of sentence or suspended adjudication of delinquency. A suspension that is not completed by the student during one activity season shall carry over to the next activity season in which the student participates.

A suspension begins on the day following the notification to a school administrator by the Unified Judicial System that a student has been adjudicated, convicted, the subject of an informal adjustment or court approved diversion program, or the subject of a suspended imposition of a sentence or a suspended adjudication of delinquency for possession, use, or distribution of controlled drugs, substances, or marijuana as defined in chapter 22-42, or for ingesting, inhaling, or otherwise taking into the body any substance prohibited by § 22-42-15 and the school administrator gives notice to the South Dakota High School Activities Association and the students.

CONCEALED/DANGEROUS WEAPONS IN THE SCHOOL

Schools are an example of what is required regarding the observance and respect for law in society at large. Schools are highly conscious of the health, safety, and welfare of students, staff and the public.

State and federal laws as well as board policy forbids the bringing of concealed/dangerous or illegal weapons to school or school sponsored activities. Any weapon taken from a pupil shall be reported to the pupil's parents. Confiscation of weapons may be reported to the police. Appropriate disciplinary or legal action or both shall be pursued by the building principal.

A dangerous weapon is defined as any firearm, air-gun, knife or device, instrument, material or substance, whether animate or inanimate, which is calculated or designed to inflict death or serious bodily harm.

No firearms are permitted on any school premises, school vehicle or any vehicle used for school purposes in any school building or other building or premises used for school functions. An exception would be weapons under the control of law enforcement personnel, starting guns while in use at athletic events, authorized military personnel, and authorized supervised school training sessions for the use of firearms.

Any student bringing a concealed/dangerous weapon to school shall be expelled for not less than twelve months and will be referred to law enforcement authorities. The Superintendent shall have the authority to recommend to the school board that this expulsion requirement be modified on a case-by-case basis. Dangerous weapons other than firearms brought onto school grounds will result in discipline which may include expulsion. This policy shall be implemented in a manner consistent with IDEA and Section 504.

LEGAL REF.: SDCL 13-32-4.2; 13-32-7; 22-1-2, Improving America's Schools Act of 1994, P.L. 103-382.
Adoption Date: April 8, 1996.

COUNSELING SERVICES

A full-time counselor is available to assist students through individual counseling, group guidance, group counseling, college and career counseling, academic placement, and testing services.

Individual Counseling. Students may receive assistance in dealing with personal, academic, and future career planning concerns.

Group Guidance. Activities are scheduled to allow students to gain information on topics of relevance to their lives. Topics may include health, vocational, and self-development issues.

Group Counseling. Students who share a common concern may be brought together with the counselor to try to find solutions. Group topics could include personal growth, assertiveness, stress, changing family, or substance abuse issues.

Academic Placement. The counselor works with students to plan a course schedule which best fits their needs and the requirements for their future plans.

College and Career Counseling. Students in grades 7-12 will be provided with information on programs available in post-high school institutions, apprenticeship training, and the military. Assistance with financial aid, including scholarships, is available to students and parents.

Testing Services. The counselor helps students pre-prepare for and administers many of the tests required by the State of SD and those related to future career/college planning.

Students and their parents are welcome to visit with the counselor at any time.

DEFACEMENT OF SCHOOL PROPERTY

State law makes the student and his/her parents responsible for damages and defacement of school property. Each student is expected to assume responsibility for the care of all school property. Damage of a malicious nature will be considered a very serious matter and must be repaired or replaced at the expense of the student at fault. State law allows actual damages times 3 for restitution. Students will pay the replacement cost for damaged books and materials. Vandalism will be immediately reported to the appropriate law enforcement agency for investigation and prosecution.

DISASTER/FIRE DRILLS

We are required by law to conduct 2 disaster and 2 fire drills during the school year. Proceed quickly but orderly to the assigned exit or area in the building. There should be no talking and no running. Students should remain in the designated area until being called back to the classroom.

DISORDERLY CONDUCT, HARASSMENT, HAZING AND INTIMIDATION

Freeman Junior/Senior High School prohibits students from engaging in offensive, obscene or abusive language, or boisterous and noisy conduct intending to arouse alarm, anger or resentment in others.

Participating in, or conspiring with others to engage in harassing acts, hazing or intimidation that injure, degrade or disgrace other individuals is unacceptable, inappropriate, and considered a violation of school policy.

DISCIPLINE

Discipline must be based on judgment if it is to be effective. The purpose of school discipline is not to have the offender pay a debt to society. Discipline should be designed to help the student. This does not mean that discipline need be soft. Discipline will be administered as determined by the situation.

Disciplinary Action—A teacher, at his or her discretion, may remove any student from class who is disrespectful, discourteous and/or a discipline problem. A student dismissed from class must go immediately to the office for a conference with the principal. Any student who does not immediately go to the office after removal from class will automatically be suspended (1 to 10 school days). The parents or guardian will be contacted immediately and informed of the incident and action taken. A student who verbally or physically abuses any school personnel will be recommended for expulsion.

Any disciplinary action involving students will be handled on an individual basis, which could result in permanent dismissal from class, in-school suspension, out of school suspension by the administration or permanent expulsion by the Board of Education.

1. Students will be treated as young adults.
2. Students are expected to show proper respect for teachers, substitute teachers, administrators, counselors, other school personnel, and fellow students.
3. Students who use profane, obscene or otherwise offensive language will immediately be sent to the office of the principal.

Clothing and Hair—The clothes students wear relate to this conduct, as does the length of hair. Reasonable care and neatness in regard to dress and appearance is required of all students. A student's appearance is not only a reflection of self, but also of their parents and of their school. The dress code is as follows:

1. Shoes should be worn at all times other than when showering.
2. The length and style of hair should be such that it does not present a safety concern in any school activity.
3. Students who wear clothing containing markings, pictures or lettering that convey profane or suggestive messages will be sent to the office. Parents will then be called and the student will be required to return home and change. We would be especially sensitive to words, abbreviations or pictures that relate to sex, alcohol, tobacco, drugs, race and religion as these are particularly offensive to our students and staff.
4. Students and parents need to be concerned about the type of clothing worn by students throughout the school year, especially in the summer and spring, being particularly sensitive to revealing clothing, including short length, spaghetti straps, tank tops, etc. If a student is wearing clothing considered to be in poor taste, parents will be called and the student will be required to return home and change.
5. Hats (head coverings) are not to be worn in the building without permission from the administration.
6. Sanitation and safety requirements are also criteria upon which school officials may limit student participation while in school or in activities.

Disciplinary Report—Teachers and administrators will document and the office will mail home discipline reports on students who violate school policies. The discipline report has been prepared to notify the parent/guardian of the student's infraction of school policy, the corrective action taken and any recommended future actions. The discipline report filed will be in triplicate—one copy will be sent home to the parent/guardian, second copy will be kept by the teacher, and the third copy will be placed in the student's file in the office. Parents/guardians are urged to cooperate with and support the school in regard to the corrective action taken and future recommendations concerning their child.

A variety of corrective measures are authorized for the breach of rules or obligation applicable to students. The corrective measure to be employed shall be determined in each case by the administration, the classroom teacher, or other appropriate educational staff member, except where a hearing board is required. Repeated minor infractions may justify the use of more severe measures:

1. **Admonition and Counseling:** Admonition and counseling should be used when appropriate to assist a student to understand when his or her conduct interferes with his or her educational progress, threatens the academic or social progress and rights of others, or is contrary to school policy.
2. **Extension of Schedule (Detention):** A form of discipline that detains a student outside of the normal school hours. The detention length will be determined by certified employees of the Freeman School District. Detention periods that are not attended by students will result in doubling of the detention time for each period missed. The detention period will be supervised by faculty members and/or administration. Students will be given a 1 day notice before serving the detention. Students are responsible for attending their scheduled detentions on time at the scheduled site. It is the student's responsibility to see an administrator to inquire about a detention change if there is an emergency or a legitimate reason that warrants a detention change. Also, students will not be excused from detention because of employment or a job reason. Having to work after school is not a legitimate reason for a detention change.

Rules for Detention:

1. Be on time. Detention is from 3:36 - 4:23. Students will not be permitted to stay if they are late, and the penalty will be to serve the detention at another time plus extra detention.
 2. Upon arriving to the detention room, students should check in with the teacher so that their names may be marked off.
 3. Students are expected to do schoolwork during the entire hour. All needed materials (books, paper, pencil, etc.) should be brought to detention.
 4. Students will not be permitted to use the bathroom, to go to their lockers, or to see another teacher once the detention hour has started. Students should take care of these matters before arriving to the detention room.
 5. No whispering/talking, writing notes, or trying to communicate in any other way with any other student during the detention hour.
 6. No sleeping.
 7. No eating or drinking.
 8. No student will be permitted to leave early.
 9. The teacher will dismiss the students when it is time to leave.
3. **Suspension:** A form of discipline in which the student is temporarily denied the right to attend class or school or school sponsored activities. The Superintendent may suspend students for up to 90 school days without a board hearing or action. The principal may suspend students from school, class, or an activity for up to 10 school days without a board hearing. Suspension beyond 10 school days (by the principal) requires a hearing before the school board. Suspension may be for, 1) the rest of the day; 2) a specific period of time; 3) until conference with a parent or guardian is held; 4) or until specified conditions are met by the pupil. Suspension is used in cases of misconduct, nonconformity to school regulations, destruction of school property or actions endangering the welfare of others. Suspended students will not attend any school-related functions as a participant or observer and will not be in contact with school property. A copy of the standards for hearing procedures for suspension can be obtained from the administrative offices.

Reinstatement after a suspension is granted when the principal or his/her representative is convinced that the conduct of the student will be consistent with that which is expected of good school citizens. Usually reinstatement will occur only after a parent conference, which may include school personnel involved. Continuation of those acts which led to the suspension of the student is just cause for recommendation to expel the student by the School Board.

In-School Suspension: Students who receive in-school suspension at Freeman High School are required to check-in at the office by 8:00 a.m. each day of their suspension. Students have until 8:25 a.m. to make contact with their classroom teachers and receive their day's assignments and work.

In-school suspension students will receive bathroom breaks at 10:15 a.m. and 2:15 p.m. In-school suspension students will eat lunch from noon until 12:25 p.m. in the lunchroom.

When the bell rings at 3:33 p.m. ending our school day, in-school suspension students will have until 4:00 p.m. to turn in their assignments and day's work to classroom teachers.

4. **Expulsion:** A type of discipline in which the student is removed from the school by the School Board after recommendation from the principal and superintendent. A copy of the standards for hearing procedures for expulsion can be obtained from the administrative office.

Reinstatement after expulsion is action taken only by the School Board after its representatives are satisfied that the student intends to correct the behavior which led to expulsion. Student Due Process is covered under SDCL Article 24:07.

DRESS CODE FOR STUDENTS REPRESENTING THE FREEMAN SCHOOL DISTRICT

From time to time, students are selected to represent our District to the public. Such selection is an honor and privilege, not a right. Of course, all enrolled students represent this District; however, as a formal representative of the District, higher standards of behavior are expected of the student selected for these honors. If you are unwilling to abide by these standards you should decline to accept the appointment or selection and allow another student the opportunity to serve. Students who decline to abide by these standards will forfeit their participation in the activity. You are reminded that such honors can impact your success in being accepted into the college of your choice and in being awarded valuable scholarships and grants in the future.

Who Is Formal Representative?

All students named to District teams such as volleyball, cross country, football, basketball, wrestling, golf, track, cheerleading, and any other extra or co-curricular activities such as oral interp, quiz bowl, band, chorus, and groups participating in class trips and career days are subject to this policy while representing the Freeman Public Schools at all locations. Members of student groups such as student government, National Honor Society, and FFA, when traveling under District supervision, are also formal representatives of the District.

Internal organizations and functions also involve formal representation of this District. Class officers, honor society, homecoming royalty and similar groups also partake of this representational aspect of our school community. These examples are not exhaustive, and they do not occupy 100% of such student's attendance at our school. When these students are acting in their representative capacity, the behavior standards outlined here will be followed.

Behavior: Your behavior in public when representing the school reflects on you, your family, our student body and the community as a whole. Illegal actions such as smoking, drinking intoxicating beverages and consuming any illicit drugs will not be tolerated. **Proof of such violations will result in revocation of the title or position for which you have been chosen in addition to imposition of discipline as set forth in the student handbook and board policy.** Illegal actions will be reported to law enforcement as required by law.

Other actions such as fighting, inappropriate language, and inappropriate boisterous conduct can result in revocation of the title or position and meetings with school officials and parents.

Appearance: Personal hygiene standards are expected of all students. An even higher standard is expected of students representing our school. Neatly trimmed hair, clean hands and fingernails are required.

Attire depends upon the time, place, and function of the activity. Sports teams and other extracurricular teams, on travel status, will follow instruction of the Athletic Director and coaches. Generally speaking, slacks, not shorts or jeans will be worn. T-shirts are not acceptable. Male students will wear collared shirts and may be required to wear ties and jackets. Student government members will refrain from wearing jeans or cutoffs on days when performing student government activities. Homecoming royalty will wear more formal attire when performing assigned duties. This means shirts, ties, and jackets for males, semi-formal attire for females.

Appropriate footwear means dress shoes only. In order to participate in baccalaureate and commencement exercises, graduation students, escorts, and music performers will also be held to this standard of dress.

It is expected that conforming to these minimal standards of behavior and attire will improve school spirit and exhibit the respect due your classmates, parents, alumni, school and community.

FLOWER/BALLOON ARRANGEMENTS AND/OR GIFT DELIVERIES

Freeman Public will allow flower/balloon arrangements and/or gift deliveries for students and staff. All such deliveries will be brought to the school after 3:00 p.m. and will be distributed by local businesses. If you are to receive a delivery, an alphabetical list of deliveries will be placed on the office window and your flower, balloons, or gifts will be given to you or picked up by you after school in the lunchroom area.

FREEMAN NATIONAL HONOR SOCIETY

Membership in the National Honor Society is one of the highest honors that can be awarded to a high school student. The NHS has worked to bring the accomplishments of outstanding students to the attention of parents, teachers, peers, and community. Chapters in more than 22,000 high schools across the nation strive to give practical meaning to the society's goals of character, scholarship, leadership, and service.

These four ideals have been considered as a basis for selection. No student is inducted simply because of a high academic average. The National Honor Society strives to recognize the total student, one who excels in all these areas.

Membership into the Freeman National Honor Society Chapter is based on a 3.0 "B" average, as well as the qualities of character, leadership, and service.

CHARACTER:

- A. Industriousness
- B. Emotional stability and self control
- C. Cooperates by complying with school regulations
- D. Honesty, courtesy, concern, and respect for others
- E. Accepts criticism willingly and advice graciously

- B. Renders service to school during school time

The maximum score for each of the subdivisions is 5 points, with a possible total score of 75 points. A student must have an average of 65 out of the total of the five teachers' evaluations in order to be accepted as a member of the Freeman National Honor Society.

Section 504 of the Rehabilitation Act of 1973

Annual Internal Notice to Students/Parents and Employees

Section 504 is an Act which prohibits discrimination against individuals with disabilities in any program receiving federal financial assistance. The Act defines a person with a disability as anyone who:

1. *has a mental or physical impairment which substantially limits one or more major life activities (major life activities include activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working);*
2. *has a record of such impairment; or*
3. *is regarded as having such an impairment.*

In order to fulfill obligations under Section 504, the Freeman Public School District has the responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability should knowingly be permitted in any of the programs and practices of the school system.

The school district has responsibilities under Section 504, which include the obligation to identify, evaluate, and if the student is determined to be eligible under Section 504, to provide appropriate educational services. If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) also specify rights related to educational records. This Act gives the parent or guardian the right to: 1) inspect and review his/her child's educational records; 2) make copies of these records; 3) receive a list of all individuals having access to those records; 4) ask for an explanation of any item in the records; 5) ask for an amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and 6) a hearing on the issue if the school refuses to make the amendment.

If there are questions, please feel free to contact Mr. Tim Hansen, Section 504 Coordinator for the school district, at phone number 605-925-4214.

Work not completed will result in the recording of an Incomplete for the grade.

Quarter or semester incomplete work must be made up within two weeks following completion of the 9 weeks or semester grading period. Failure to complete work within the time frame previously outlined will result in the incomplete being changed to "0" credit. Instructors, at their discretion, with approval from the principal, may grant additional time for work to be completed.

GRADUATION AND ISSUANCE OF DIPLOMAS

Any student who has completed four years of high school but has not acquired the necessary credits for graduation will not be eligible to participate in Commencement exercises if at the beginning of the second semester of his/her senior year the student is not enrolled in enough classes to meet the requirements. **If at the end of the senior year, an otherwise eligible student does not meet the requirements, the student will be allowed to participate in Commencement exercises but will be issued a certificate of attendance only. LEAVING SCHOOL DURING SCHOOL HOURS

When a student finds it necessary to leave the school during school hours for work, illness, doctor, or dentist appointments, etc., permission must be obtained from the principal. No student is to leave the school without first notifying the office.

LIBRARY COMPUTER USE

1. Students must have a pink permission slip from a teacher to use a computer in the library. The permission slip is to be given to the library monitor before logging onto the network.
2. If a mobile lab is available in the library, students may check out a notebook computer **only if** all the desktop units are in use. Under no circumstances are students to take these computers out of the library.

LIBRARY SERVICE

The library is the very core of the high school. It is the place where students do research for assigned reports, do reference work, look for materials not found in their regular texts. The use of the library is a privilege permitted to all students until the privilege is abused; it can be revoked. The following should be observed when using the library:

- A. **QUIETNESS**—The library is the center for quiet study in the school. Casual visiting and gossiping forfeit the privilege of library use for that student.
- B. **LIBRARY ASSISTANTS**—Assistants will be authorized to charge books in and out and to assist in keeping order.
- C. **MAGAZINES AND NEWSPAPERS**—These are for information and recreational purposes. These must receive the utmost care so that our current reference section can be maintained.
- D. **REFERENCE WORK**—Most reference books must be used in the library; some may be charged out for overnight, some for three days. Students should feel free at any time to ask for help in locating this material.
- E. **BOOK CHECKOUT AND RETURN**
 1. The library monitor will check out books using the Destiny library management software. No student may check out books for another student.
 2. Books may be kept for a period of two weeks or until you have finished with them, provided you are reasonable and considerate. Remember someone else may be waiting for that book.
 3. The student who signs for a book assumes full responsibility for the care of that book. Do not pass a book on to others; they may keep it overdue, damage it or lose it. You will be required to pay for the replacement of lost or damaged books. Open books carefully.
 4. Each student is directly and personally responsible for the return of books charged out in their name.

F. LOST AND DAMAGED BOOKS

1. Lost Books: The replacement price of the book will be charged to anyone losing a book.
2. Damaged Books: These require rebinding. Student's charge will be according to cost.

G. MUSIC LISTENING DEVICES (including their use with ear pieces/headphones) are prohibited in class, study halls, and in the library. Because of their value, it is recommended that students leave these devices at home.

LOCKERS

Lockers will be assigned. Keep lockers neat and clean. Locker cleaning shall be done before 8:25 a.m. and after 3:33 p.m. Periodic, unannounced locker inspections will be held. **Students shall not possess or store in their lockers any item that is expressly prohibited, or violates safety, health or standard morality.** Examples are: weapons (including but not limited to knives, razors, guns, ammunition, shell casings, black powder, chains, clubs, explosives of various types), drugs, alcohol, pornographic materials, and incendiary items, or items that may jeopardize the welfare or safety of other students. All students who enter another student's locker must have prior permission. **Only items that support school sponsored activities may be posted on lockers. Other items will be removed.** Students who violate locker privacy will automatically receive in or out of school suspension, depending upon administrative discretion. Students may request to have a school combination lock on their locker.

LOST AND FOUND

A Lost and Found department is maintained in the principal's office. Students finding unclaimed articles about the building are asked to turn them in to the office. Gym clothes and shoes which have been lost may be located in the locker room area Lost and Found.

MERIT SYSTEM

Introduction:

The Freeman High School Student Council promulgated a merit system to reward those who perform well in the classroom. This system is a free study for juniors and seniors who may use the mezzanine in the gym as their study hall. This system would take effect after 1st quarter mid-term of the current school year.

Goal:

The goal of the free study privilege is to encourage juniors and seniors to perform well in their classes, while challenging them with the responsibility to continue to keep up their schoolwork. It is the belief of the student council that juniors and seniors can be treated as young adults, and that this system will be a stepping-stone to better prepare them as college freshmen. Many college freshmen don't use their free time wisely, and thus fall behind in their classes and suffer from it. This system will give students a better understanding of what it is like to use free time wisely, and also give them a responsibility as young adults.

Eligibility:

1. Eligible students are juniors and seniors.
2. Students placed on free study must have a minimum 2.8 GPA with no D or F on their previous report card.
3. Any junior or senior who receives a D or lower on student report card days would lose their free study privileges until the next student report card day.
4. To get back on after a dismissal, the student must improve all grades to above a D.
5. Any junior or senior who does not have a 2.8 GPA may be recommended to free study at any time by a teacher if the teacher believes that the student is working to his/her potential.
6. Any student will be dismissed from free study for a minimum of 4 weeks or until the next grading period, whichever is longer, for one of the following offenses:
 - a. three tardies in a nine week period
 - b. abuse of school property

- c. leaving school premises without permission
 - d. abuse of free study privileges.
7. Juniors and seniors who have an “outstanding” F or incomplete will not qualify for the Merit System. Students on an IEP will qualify if meeting their annual goals and meeting the requirements above.
 8. Seniors who have not met graduation requirements will not qualify for the Merit System.

Special Guidelines:

1. Students on free study must stay out of the lunchroom area, out of the hallways, and out of the gym locker rooms.
2. If damage should occur and no one admits guilt, free study will be suspended for 4 weeks, or until the next grading period, whichever is longer.
3. Any school personnel may recommend that a student be removed from free study for inappropriate behavior on school grounds.
4. Students may be removed from free study for excessive absences. Decision would be made at the discretion of the administration.
5. Students may be removed from free study for incomplete homework. Decision would be made at the discretion of the individual’s teachers.

PARENTING AND MARRIED STUDENT POLICY

I. Policy Statement

The Board recognizes its responsibility to provide educational programs for all students, including pregnant students in accordance with Title IX requirements. The District does not discriminate on the basis of marital status or pregnancy. The Board further intends to support parenting students and encourage them to continue their education and will make reasonable accommodations to address any pregnancy issues that may arise. The District may make a request for medical certification that a pregnant student is physically and emotionally able to participate in school activities only to the extent that such certification is required of all students for other physical or emotional conditions requiring the determined medically-necessary documentation by the student’s physician. At the conclusion of the leave, the student is permitted to return to the same academic and extracurricular program the student was participating in when the leave began.

II. Definitions

- A. Educational Program: For purposes of this policy, educational program includes instruction, counseling, social services, extracurricular activities, and psychological services as needed.

- B. A student who is pregnant and who has not completed a high school education may elect to remain in the regular school program and may not be involuntarily excluded from any part of this program. If the student is under compulsory school age, the student may voluntarily withdraw from the regular school program provided that she enrolls in an appropriate educational program. Decisions regarding modifying the regular school program providing an appropriate alternative education program as outlined in Standard C will be reached in joint consultation with the student; parent, or spouse; and appropriate educational, medical, and paramedical personnel.
- C. Appropriate educational programs offered through the school system include, but are not limited to:

- D. It is the responsibility of the school system working with the home to cooperate with other state and local agencies, such as health, welfare, and juvenile services and with private physicians or agencies to ensure that the school does not interfere with the pregnant student receiving proper medical, psychological, and social services during and following the pregnancy

SCHOOL LUNCH SERVICE

Freeman High School is proud of its facilities for providing hot lunches. No food is to be taken from the dining area.

School Lunch Policy, grades 7-12

1. The school lunch program is not a compulsory program for students. The lunch break for students will be about 25 minutes. All students will be required to stay at the school and remain in the lunchroom during the entire period. Students may eat a hot lunch, bring a sack lunch or go without. The purpose of this policy is to assure accountability of all students.
2. The price per meal is \$2.89 for grades 7-12. Teachers and adults will pay \$3.43 per meal. Ala Carte 2nds are \$1.30 per item. (Prices are subject to change at the discretion of the school board.)

6. Students who are served a cheese sandwich and who eat from the plate of another student will be charged for a regular priced meal.

The intent of the Board is to provide a meal for each student who desires to eat at school. No child will be denied an opportunity to eat lunch. We ask for your support and cooperation in this effort.

SENIOR PRIVILEGES

At the discretion of the administration, senior privileges (which simply means that the student does not have to be in study hall), will begin on the first day of the fourth nine weeks of school. Days are figured as follows: for each part or whole day missed and for each time tardy throughout the first three nine weeks or portions thereof, one full day will be subtracted from the total possible days left for senior privileges. Reasons and excuses for tardies or absences will not be taken into consideration. This is strictly an attendance policy to govern senior privileges. One further note, seniors who are on privileges will be expected to be out of the building unless they have a pass to the library, study hall, computer lab, or supervised classroom.

Seniors who are failing may have their senior privileges suspended by the administration.

In order to receive senior privileges, the student and his/her parents/guardians must sign the following:

Student Name: _____

I give permission for my son/daughter to receive "senior privileges" at Freeman High School, starting on the above listed date. STUDENT GRIEVANCE

A grievance is defined as a complaint lodged by a student with a member of the staff or administration alleging one or more of the following unfair practices: 1) that a school rule is unfair, 2) that a school rule or regulation discriminates between students based on sex, age, race, color, religion, national origin, or against or between a student(s) with a disability.

Grievances are processed through four steps: 1) to the counselor, 2) to the principal, 3) to the superintendent. Complaints that remain unresolved following any action of the superintendent may be referred in writing to the School Board for review. The Board's decision will be final unless an appeal is requested. On all four levels an informal conference is to be held within five days of the date of filing of the complaint so that no student's complaint shall consume more than 20 days time in all. The burden of proof is upon the student to show that a rule is unfair and/or is discriminatory. The final resolution of the grievance is to be in writing principalship level and designed to provide the student with a basis for resolution of the grievance as originally stated in the complaint.

Student Grievance Procedure: If a student has a grievance, he/she should present it in writing to:

LEVEL 1: The school counselor should be scheduled for an informal discussion of said grievance. It is expected that many grievances may be resolved at this level. The counselor must hold a conference within five days time of the date of filing.

LEVEL 2: If a student is not satisfied with the resolution made at level one, he/she may appeal in writing to the principal for an informal conference and discussion of said grievance. The principal must hold a conference within five days time of the date of filing.

Student Rights and Responsibilities: A prized birthright of state citizens is that of an education at public expense for those citizens between the ages of five and twenty-one unless they graduate from high school before the age of twenty-one. The birthright carries with it correlative responsibilities, as follows:

It is the Student's Right to:

- Attend school in the district in which the student's parent or legal guardian resides.
- Attend school until graduation from high school at public expense.
- Obtain free textbooks needed in the course of study.
- Attend school at no expense even though married.
- Assist in the making of decisions affecting life in school.
- Express opinions verbally or in writing.
- Expect that the school will be a safe place for all students to gain an education.
- Dress in such a way as to express the student's personality.
- File a grievance with the appropriate school official.
- Be afforded a fair hearing with the opportunity to call witnesses in his/her own behalf, and to appeal his/her case in event of disciplinary action.

- Be represented by an active student government selected by free school elections.
- Assist in making the school rules.

It is the Student's Responsibility to:

- Attend school daily, except when ill, and to be on time at all classes.
- Attend school until age eighteen.
- Pursue and attempt to complete the course of study prescribed by the state and local authorities.
- Express opinions and ideas in a respectful manner so as not to offend or slander others.
- Be aware of all rules and regulations for student behavior and conduct oneself in accordance with them.
- Dress and appear so as to meet fair standards of propriety, safety, health and good taste.
- Be willing to volunteer information in disciplinary cases should the student have knowledge of importance.
- Be willing to volunteer information and cooperate with school staff in disciplinary cases.
- Assist the school staff in running a safe school for all students enrolled therein.
- Take an active part in student government by running for office, or voting for the best candidates; making problems known to the staff through student representatives.
- Assume that until a rule is waived, altered, or repealed that it is in full effect.

STUDENT PARKING

Students driving cars or motorized vehicles to school are to park them on arrival in the EAST PARKING LOT ONLY, away from both the west and south curbs. Curb parking is reserved for school district employees, school buses, handicapped persons and visitors. Students are not to drive vehicles during school or noon hours. Vehicles are to be left in the PARKING LOT until dismissal. At times there are valid reasons to drive or ride with someone. On these days specific permission should be received from the principal.

STUDY HALL

The purpose of the study hall is to provide a student with the opportunity to do class assignments. If it appears that students have nothing to do in study halls, teachers will be asked to give more outside assignments. Students should check with each study hall teacher for specific policies for that hour. Procedures that apply to all study halls include:

1. When entering study hall, students will immediately proceed to and sit in their assigned seat. Students are to be in their assigned seats when the bell rings. Students who are not in their seats when the bell rings will be marked tardy.
2. Students are to talk only when permission is granted by the study hall teacher. When the bell rings students are to remain quiet. There will be no visiting or talking with any other individual without first receiving permission. All conversations must pertain to academics.
3. Students are to use time in study hall to study and complete assignments. Students are to come to study hall prepared to work for the entire period. Students are to have all materials they need when they arrive at study hall. It is not anticipated that students will be allowed to go to their lockers on a routine basis to get work.
4. Students are to have passes signed before they arrive at the study hall.
5. There will be no more than one person out of study hall at a time. The number of times a student checks out of a study hall during any particular week needs to be limited. Students who abuse this privilege will lose it. The exception to this guideline would be if a student has a pass from a teacher to be elsewhere. Students who leave study hall must sign in and out. This includes your name, where you are going and the time.
6. Students must have permission to use computers in study hall. As a general rule students should have a pass from a classroom teacher to work on the computers in study hall. All guidelines as outlined in the school Acceptable Use Policy - Computer, Internet and Electronic Mail policy will be adhered to.
7. Students are not allowed to loiter in the study hall and shall not be in the study hall without staff supervision.

8. Study hall attendance will be completed before students purchase beverages from the machines. This orderly process will be monitored by the study hall teacher.

Students who violate study hall procedures will be referred to the principal's office.

TELEPHONE CALLS

Phone calls to students during class are discouraged. Students will be called from class to answer phone calls only in the case of an emergency. If it is not deemed an extreme emergency, telephone messages will be held and posted at the principal's office. A telephone is located in front of the administration offices and should be used by the students making local calls. Student placed calls will not be permitted during class time, except in emergencies.

If any situation not specifically covered should arise, the administration will make every effort to act fairly and quickly. The best interest of the student, school, and community will be greatly considered. Each situation is different and will be handled on an individual basis. We sincerely hope that each one of you will have a successful and enjoyable school year. Take the time to know the rules and regulations you are expected to follow and many of the little problems can be avoided. If you have questions or problems, come see the principal. He enforces the rules and can best help explain them to you. Good Luck!
